7. Work Assignments OSRO has set boom-(approx. 2000'), verify position and effectiveness. OSRO should be prepared to remove oil/hazmat from vessels as they are lifted by marina owner/operator. Owner/operator is awaiting approval of permit and should commence operations. OSRO should be prepared to remove pollution threat from vessels as they are lifted. OSRO should have pollution removal equipment onsite. Monitor all costs on CG5136. ID. Asses, log, evaluate, and remove pollution threat in water from vehicles, vessels, and containers. Identify vessel numbers. VIN, state ID numbers, lat/lon, etc for each potential pollution target. Report any significant discharge that requires environmental protection activities for OSRO engagement. 8. Special instructions Upon arrival conduct site specific ORM and safety brief prior to start of operations and log into ICS-214. Wear safety gear in accordance with Site Safety Plan and review attached safety message. Utilize the Target Identification Form to report all potential pollution removal projects. SAFETY MESSAGE

Hurricane SANDY Pollution Response

13 Nov 12

OPERATIONAL RISK MANAGEMENT (ORM) – INCORPORATE SAFETY AND HEALTH RISK EVALUATIONS INTO ALL ACTIONS.

Supervision	RED	44 - 60
Planning	AMBER	23 - 44
Crew Selection	GREEN	00 - 23
Crew Fitness		•
Environment		
Evolution Complexity		
Γotal		
1.		

SITUATIONAL AWARENESS – know which way you're going, and take it slow.

50/50 Box – ALL CG personnel and scheduled passengers carried in boats shall wear hypothermia protective devices IAW CIM 10470.10F. When the air temperature is below 50 F and the water temperature is also below 50 F then dry suits are required. Water temperatures between 50 and 60 F and air temperature above 50 F but below 80 F require the wear of an anti-exposure suits.

Personal Protective Equipment (PPE): Hard hats and safety shoes are required for all field work. Personal Floatation Devices (PFDs) must be properly worn at all times when persons are engaged in activities near the deck edge (within 5 feet).

HYDRATE: Remember to stay hydrated by drinking plenty of water. Limit caffeinated beverages as they increase the risk of dehydration.

DIVISION GROUP SUPERVISORS/FIELD RESPONSE PERSONNEL ARE AUTHORIZED TO STOP CG OPS DUE TO UNSAFE CONDITIONS.

Injuries and incidents (including near misses) will be reported to the Safety Officer (347-515-6431).

NOAA's National Marine Fisheries Service

M.

Northeast Regional Office Protected Resources Division

Marine Mammal and Sea Turtle Reporting

All marine mammal and sea turtle sightings, injuries, contamination or stranding events should be reported to an authorized local Marine Mammal and Sea Turtle Network Response Agency. The following agencies are authorized by NOAA's National Marine Fisheries Service to respond, transport and rehabilitate stranded, injured or contaminated marine mammal and sea turtle species in the affected response areas of New York and New Jersey:

New Jersey waters

Marine Mammal Stranding Center:

609-266-0538

New York waters:

Riverhead Foundation for Marine Research and Preservation:

631-369-9829

When encountering a stranded, injured or contaminated marine mammal or sea turtle:

- Report immediately to the appropriate authorized agency;
- Do not touch or handle;
- Take photographs and note location for responding agency if requested;
- Wait for authorized responders to get on scene;

For further information or reports, you can also contact the NOAA's National Marine Fisheries Service Marine Mammal & Sea Turtle Stranding and Disentanglement Hotline: 866-755-NOAA (6622).
